

My lifelong benefit:
Study in Cambridge

Kelly Kuong | University of Macau

Cambridge was an unrealistic dream...

What inspired me a lot during the tour....

① Lectures - Different subjects

- Broaden my international perspective
- Enrich the knowledge of different aspects

My favorite lecture:
Academic writing

② Cultural difference

Interactions with local students

③ Group work

- Education system in Cambridge - Supervision
- Think from multiple angles

The most valuable thing I've got from the tour...

Great memories!

Thank you!
